

Bio Planet

producer and distributor
of organic food

BIO PLANET was established in 2005 and is located in Poland, near Warsaw. It is growing steadily and is a highly successful company.

BIO PLANET is one of European market leaders in the packing and distribution of organic products. We also produce high-quality, branded ecological products.

Our products are regularly inspected by specialist certification bodies.

We offer around 7,000 organic SKU's (e.g nuts, dried fruits, pulses, grains, superfoods etc). We provide products under our own brand and also distribute the most well-known global organic brands.

Food Safety

CERTIFICATED

BIO PLANET's priority is getting raw materials directly from the places of their natural origin. We maintain a good relationship with suppliers and customers all around the world.

We cooperate directly with farmers and we source our products from certified organic farms and producers from more than 40 countries, such as: Canada, Italy, Indonesia, Latvia, Lithuania, Mexico, Moldova, Pakistan, Peru, Poland, Sri Lanka, Tunisia, Turkey.

In our packaging plant, in the protected area of the Kampinos National Park, we have implemented BRC procedures confirmed with appropriate certification.

We pack selected products to the gluten free standard.

Private labels possible

BIO PLANET organic products are really colourful!
We try to meet the needs of consumers and every year we expand our list of products with new and unique organic items.

FRESH FRUITS and VEGETABLES

Our fresh fruits and vegetables come from a partnership of organic farmers, where all crop inspections are conducted in a detailed manner. They must contain no pesticide residues and guarantee natural good taste.

EGGS and DAIRY

Our dairy and eggs series contains products from organic pastoral farms. In the series can be found products such as: eggs, cheeses, curds with various different fat contents, cream cheese, sour cream, butter, ghee or clarified butter... and others.

BROWN SERIES

The crunchiest of all the series is definitely the brown one. The Brown series represents the best quality organic nuts such as: almonds (whole and blanched), brazil, cashew, dark green pumpkin seeds, desiccated coconut, hazelnuts, raw macadamia nuts, pekan, pine nuts... and others.

RED SERIES

The sweetest series is the Red series. It presents the best organic sugar substitutes like: coconut sugar from flower-blossom, date syrup, inulin... and more.

BLUE SERIES

Groats, rice and seeds – this is what the Blue series consists of. It includes the organic amaranth, wholemeal rice, red rice, long rice, wild rice, brown and gold flax, raw buckwheat, bulghur, chia seeds (salvia hispanica), corn couscous and wholemeal couscous, hulled millet, red and white quinoa, roasted buckwheat, white sesame seeds (hulled and unhulled), spelt groats, hulled sunflower seeds... and others.

PURPLE SERIES

The Purple series includes organic dried fruits such as: dried apricots, cranberries, goji berries, inca berries (physalis), figs, pitted dates, sultanas, salted tomatoes, dried white mulberries... and others.

GREEN SERIES

The Green series includes organic legumes products, like: black beluga lentils, chickpeas, green and red lentils, whole green peas, kidney beans, soya beans, large white beans, yellow peas... and more.

PINK SERIES

The Pink series is also called the breakfast range, because it has the best, organic cereal compositions. The Pink series consists of organic products such as: spelt flakes, rice, buckwheat and barley as well as oat flakes, puffed buckwheat... and others.

FLOUR SERIES

The highest quality, organic flours ideal for baking – that is what is behind this series. It includes: tapioca (manioc starch), wholemeal rice flour, millet flour, cornflour, coconut flour, chestnut flour, wholemeal buckwheat flour... and others.

MUSHROOMS SERIES

The Mushrooms series includes organic dried mushrooms such as: shiitake, mun and maitake. Also in this series are inactive organic yeast flakes... and others.

JUICE SERIES

Our NFC juices consist of delicious natural flavours, e.g. Acai, Acerola, Chokeberry, Elderberry, Rosehip and Nettle Leaf. It is a healthy and tasty option not only for cold autumn and winter days but also to increase immunity all year round.

SUPERFOODS SERIES

Superfoods includes organic powdered products, like: guarana, hemp protein, kale, maca (root), spirulina, young barley grass, also dietary supplements such as powdered camu camu, as well as raw cacao, raw cacao beans and nibs... and much more.

SNACKS

This series has a large selection of delicious organic snacks such as: banana, apple & cocoa chips, blends of selected dried fruits, nuts... and others.

BIO CONTINENTS

The Continents series has organic delicacies from all over the world, such as: preserves, dried and freeze-dried fruits, pasta from cereals grown in Europe, coffee from Central America, cocoa from Africa, gomashio from Asia... and many others

MIX SERIES

The Mix series includes delicious-tasting organic products useful in every kitchen, such as vanilla, chocolate or fruit-flavoured puddings, sugar with bourbon vanilla, baking powder... and others

Biominki

BIOMINKI

The Biominki series includes organic snacks that youngsters like such as fruit jellies, chips, chocolate lentils, wafers, puffed corn snacks, dried dates, apricots, blanched almonds and many kinds of nuts.
